NEW JAGUAR
XF

JAGUAR

NEXT-GENERATION PIVI PRO INFOTAINMENT

MAKE THE RIGHT CALL

Pivi Pro can connect two phones via Bluetooth at the same time allowing either phone to be answered safely while driving

SOFTWARE-OVER-THE-AIR (SOTA)

Automatically updates maps and features to continuously improve your experience

UPDATING

CELLULAR INTERNET

Connectivity can roam across multiple network providers to maximise signal coverage

APPOINTMENTS ON THE MOVE

Link your Microsoft or Google calendar to keep on top of your day and automatically add addresses to the Navigation system

EVA 2.0

Advanced new Electronic Vehicle Architecture drives Jaguar's new dual-sim Pivi Pro infotainment and Software-Over-The-Air (SOTA) system

INTUITIVE LAYOUT

Your favourite and most frequently used features can be accessed with one click form the home screen. Two clicks will get you access to most other features

SEAMLESS CONNECTIVITY

Apple CarPlay® is standard. As is Android Auto™ and Baidu Car Life

READY WHEN YOU ARE

The system initiates within seconds of unlocking, so Pivi Pro is ready by the time you´re in the driving seat

INTUITIVE OPERATION

Pivi Pro is designed like your smartphone - its intuitive menu structure makes everything quick and easy to find
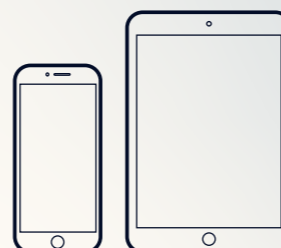

ALL-NEW CONNECTED NAVIGATION

Cloud connectivity, Online Routing and live traffic keeps you on the fastest route, while voice guidance mutes on familiar roads
